

Welcome to the Hammersmith & Fulham
HALL OF SHAME:

These are just the worst readings of mast radiation (EMR) taken locally. Compiled on 15 June 2021 from readings taken in 2020/21. All readings are given in milliVolts/metre, and are well above recommended limits for prolonged exposure (600mV/m, Council of Europe, 2011)

#	Location	Taken	!	Reading	FileRef
1	Pulton Place, opposite Fulham Boys School, SW6	13/06/21	!	7558	4219-21
